ABSTRACT

The objectives of this research are to find out the problems and ability of the senior high school students in arranging simple present perfect continuous tense and simple past tense. The researcher found the good strategy to know the writing and grammar ability of students through a test, which is arranging Simple Present Perfect Continuous Tense and Simple Past Tense. This strategy is not only given the students' task, but also grammar instruction to learn from the test. The researcher conducted at SMKN 1 Martapura. The subject is the students at the X grade of acutance 1 and 2 of SMKN 1 Martapura while the objects of are investigating the ability of senior high school students in arranging simple present perfect continuous tense and simple past tense. In this research the researcher used total sampling as sampling technique and the total of sample is 56 students of X grade acutance 1 and 2. This thesis uses the descriptive quantitative research, and the instrument of data is test.
