SCOPE

Resources (ISSN 2079-9276) is an international, scholarly open access journal on the topic of natural resources. It publishes reviews, regular research papers, communications and short notes, and there is no restriction on the length of the papers. Our aim is to encourage scientists to publish their research in as much detail as possible, whether theoretical, empirical or experimental. Full details regarding methods must be provided so that findings can be reproduced. Subject Areas: natural resources, mineral and geo-resources, land and ecological resources, plant and animal resources, water resources, energy resources, food and bio-resources, resource conservation, reuse and recycling, sustainable resource management, resource governance and policy, and circular economy.

The users of Scimago Journal & Country Rank have the possibility to dialogue through comments linked to a specific journal. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved. For topics on particular articles, maintain the dialogue through the usual channels with your editor.
