 Kelurahan Tanjung Tabalong Kalimantan Selatan Abstract: Effort in building state apparatus as human
 resources in governmental organisation has an important role in deciding success of development in general, as
 an effort to give prosperity to community and giving the best service.

To do this of course we need to raise up the quality of apparatus, so they can do their job well to fasten
 reaching the goal. Because of that the state apparatus should have some characteristics, namely: high
 expertise and skill, a wide knowledge, good talent potency, personality, motivation, morality and work ethic. To
 have this the apparatus should be developed their potency by giving some education and training based on
 their field. The system of work assessment motivation and career d
