PENGARUH KEMAMPUAN, PENGALAMAN DAN DISIPLIN KERJA TERHADAP KINERJA KARYAWAN Eza Herlambang Taufik E-mail: Ezaherlambang@gmail.com Muhammad Harlie Kurniaty Universitas Islam Kalimantan (UNISKA) MAB Banjarmasin ABSTRACT The evolution of the forex market is divided into two stages. World War I Period and the Bretton Woods period is included Fixed Rate Period stage.

At this stage, forex does not excite transactions because of exchange rate changes can only occur in a relatively narrow range. After a period of Bretton Woods, after the failure of Period Exchange Rates Remain in maintaining economic stability, forex transactions getting psyched. This occurs because the assessment of the exchange rate between countries be left entirely to the market mechanism.

The market will determine whether the exchange rate is too expensive (over-valued) or too low (under-valued). This study aims to determine the effect of ability, experience and discipline together and partially on the performance forex trader in South Kalimantan.
